Two More Large Plants Here Willing to Make Partial Concessions.

**EMPLOYERS BALK** AT EIGHT-HOUR DAY

New Argument at Bridgeport May Reopen Trouble-Labor Speakers Arrested.

Despite the fact that many manufacturing concerns employing machinists have declared they will refuse the demands of the union for an eighthour working day and a 20 per cent increase in wages, officials of the Insaid yesterday that the men would win without going on strike. Two more of the larger plants yesterday announced partial concessions to the de-The Schroeder company, of 783 Atlantic Avenue, Brooklyn, promised an eight-hour day and a graduated increase in wages. At the J. H. Williams Company, 150 Hamilton Avenue, Brooklyn, an eight-heur day is allowed, but no wage increase.

John M. Keppler, vice-president of the International Association of Machinests, said yesterday that he was trying to avert a strike at the Garvin Machine Company, at Varick and Spring Streets, and he urged the 500 machinists to be patient.

Who Wed Titanic Widow.

Another breach of promise suit brought by an actress, the second in a week, has been discontinued in the Sureme Court. This time Horace De Camp, a rubber merchant, is relieved of explaining why, as alleged, he jilted Miss Florence E. Clarke. De Camp married Mrs. Mary F. Marvin, widow of Daniel W. Marvin, who was a victim of the Titanic disaster, of which Mrs. Marvin was a survivor, in 1913.

Miss Clarke, who sued for \$50,000, alleged that she had promise of a bright career on the stage when De Camp promised to marry her, a few months before he wedded Mrs. Marvin. She said that De Camp sent her to a sum mer resort in Pennsylvania and when she telegraphed that she wished to return he replied by wire: "You can stay there forever as far as I am concerned."

De Camp denied he had promised to marry the actress and obtained an order directing her to give full particulars of the promise. As this was never filed and as the matter was settled out of cour' Justice Ford signed an order of discontinuance.
